"The Origin of Viet Clan" is the valuable works with a lot of discoveries that have not been mentioned before."

- **The Most Venerable Thich Duc Nhuận**

"This is one of the most valuable and greatest works."

- **Nguyen M. Le, French Institute**

"Pham's hard-work on his research of The Origin of Viet Clan has helped us be to be able to build a stronger knowledge of our old-age culture which became Chinese's culture then. His book should be existing on the bookshelf of every home, especially to be exposed to the young Vietnamese generations."

- **Liem Thanh Nguyen, PhD Vice Minister of Education of Republic of Vietnam**

"The author of the book is the person who has the very broad knowledge on Vietnamese literature and history. He is also a patriot and very proud of Vietnamese people. The author of the book is one of my best friends and his book is one the valuable book that needs to be existing on every home's bookshelf."

- **Toan Phong Literature / Vinh Xuan Nguyen, Scientist**

"The most convinicible results of the research on the structure of the gene DNA of Vietnamese people has confirmed Vietnamese people are totally different from Han Chinese to help answering for the unsolved mystery for generations. Thank you so much Anh Tran Pham, a historian who has been spending all of his time for researching this mystery, and today we do have a complete and most valuable history books for our following generations."
